Sir:

This responds to the Office Communication, dated January 13, 2009 stating the Response to Restriction and Election of Species Requirement filed December 24, 2008 was improper. To correct improper election, Applicant elects Group I, claims 1-18 and Embodiment I, transforming section-vibrating, for which claims 1-6, 9-15 and 18 are readable, for examination. This election is made without traverse. The Examiner states that claims 1-3, 9-12, and 18 are generic to the elected Group I. The Examiner also believes that Claims 19 and 20 are generic to Embodiment I although not within the elected Group I.

Applicant believes the foregoing corrects the errors of the Response to Restriction and Election of Species Requirement filed December 24, 2008.
